

George Kelly School

Kindergarten Drop-Off/Pick up Procedures

DROP-OFF

Kindergarten students must be brought to the front Kindergarten gate. There is no supervision during kindergarten drop-off for both the morning and afternoon students. For the safety of your student, please wait with your student until the gate is open and students are with the teachers before leaving. Students should be waiting in line and not running around while waiting to begin the day.

PICK-UP

Kindergarten pick up is by the gate playground gate. Students will only be released to persons that are listed on the pick-up card, and an ID may be requested at any time.

Please do not park in the staff parking lot, these are assigned spaces meant for staff members only. There is parallel parking along both Mabel Josephine Dr. and Blackstone Dr.

We appreciate and thank you in advance for following these safety procedures.
